TWO COUNTIES IS IN THE MUSS

The Kent County Returns All Filed and
the Canvass Is Begun—Both Sides
Demand a Re-count.

The board of canvassers of the county met at 2 o'clock yesterday afternoon in the supervisor's room in the county building. R. B. Loomis presided. The petitions of Charles E. Belknap and L. V. Moulton, asking for a recount of the votes were read. The petition of Captain Belknap was acted upon first. Mr. Solomon moved that the communication be laid on the table until after the election returns had been filed. L. L. Lamm moved as a substitute that a committee of three be appointed to investigate the charges alleged. After the roll call had begun Mr. DeGraaf arose and attempted to bring up the question again, but he was called down and the roll call proceeded. The vote stood as follows: Yes 36, nays 21.

The petition of Luther V. Moulton was laid on the table until today. In his petition Mr. Moulton claims that in every precinct in the county errors were made in the count, and that Judge Perkins received the benefit. He fixes the errors at the uniform rate of 100 in each precinct, and put up the \$100 prescribed by law.

A recess of ten minutes was taken by the board, after which the meeting was again called to order. Mr. Loettigert moved to reconsider the motion to appoint the committee. A lively squabble ensued between Aldermen DeGraaf and L. L. Lamm, in which Mr. Lamm having charged the democrats with being thieves and robbers. A roll call was demanded, and the motion carried. On motion of Mr. Bates, the Belknap petition was laid on the table.

The board then adjourned until 10 o'clock today, without having accomplished anything.

How the Figures Vary.

Upon the face of the returns filed yesterday, and upon the most reliable information obtainable from Ionia and Ottawa The Herald computes the pluralities as follows:

BELKNAP.	
Kent county townships.	827
Ionia county official.	827
Ottawa county official.	827

RICHARDSON.	
Grand Rapids city.	1,236
Belknap's plurality.	18

Mr. Belknap's committee claims the following showing:

BELKNAP.	
Kent county townships.	824
Ottawa county official.	824
Ionia county official.	824

RICHARDSON.	
Grand Rapids city.	1,224
Belknap's plurality.	18

The democrats' committee, while not so hopeful as it was, submits these figures:

BELKNAP.	
Kent county townships.	824
Ottawa county official.	824
Ionia county official.	824

From these figures it is quite impossible to form an accurate conclusion, and the result cannot be known until the vote is officially registered.

Mr. Richardson has filed a notice of contest in Ionia county.

The democrats will protest against the counting of the returns from the soldiers' home precinct.

Face of the Returns.

MRS. TABOR'S EXHIBIT.

She Displays Her Paintings for the Benefit of the St. Cecilia.

Yesterday afternoon and evening Mrs. Tabor threw open her art studio in the Gilbert block for the use of division No. 4 of the St. Cecilia, and a large number of persons availed themselves of the opportunity to examine Mrs. Tabor's work. The pictures, nearly 100 in number, were hung on the walls and grouped in convenient places where the light struck them effectively.

Among the paintings that received

the most favorable mention were two Italian faces, painted by Mrs. Tabor while in Rome and under the instruction of the famous Bouguereau; "The Birth of Venus," "Spring Time" in water colors, and "The Family of Kites" by Lambert attracted much attention. Besides these, there were many fruit pieces, in which Mrs. Tabor has always excelled.

During the exhibition coffee and wafers were served in an adjoining room, the members of division No. 4 feel gratified over the financial success of the exhibition; they were sure of its artistic success.

Appealed the Case.

Fredrick W. Cordes, Edward Cordes and Henry Steinbucker, defendants in the case of Henry Joseph Richter vs. Fredrick Cordes, et al., have appealed the case from the decision of Circuit Court Commissioner Hughes to the circuit court. The case grows out of the Alpine school trouble, in which Bishop Richter was given possession of the Alpine school building.

Minor Court Matters.

The old case of Margaret W. Allis, administratrix, vs. C. G. A. Voigt is having a new trial in the superior court. The case has been to the supreme court. It grew out of the breaking of a fly wheel on an engine purchased by Mr. Voigt from the Allis company.

John Courtney, Albert Gordon and Henry Williams, the three crooks arrested Sunday night for burglarizing Mike Colleton's saloon demanded an examination in police court yesterday and their cases were adjourned until November 16.

Ellen J. Maxfield was granted a decree of divorce yesterday by Judge Grove from Charles M. Maxfield. The divorce was granted on the grounds of desertion and non-support.

James P. Rowe and James Pitton had their cases adjourned until November 29 and 23 respectively. They are charged with having kept their saloons open Sundays.

The jury which tried Susie Calkins for violation of the United States liquor laws, in the United States court yesterday, was out several hours, and then failed to agree.

Charles Dickerman was held over for trial to the next term of the superior court for keeping his saloon open Sunday.

Regeneration.

To secure a normal and regular tissue change throughout the body use Brandreth's Pills. This tissue metamorphosis consists in constantly proceeding waste of tissue and its regeneration. Brandreth's Pills are the best solvent of the products of disintegration of the tissues and increases their elasticity. They are an alterative and eliminative remedy, which allay irritation and remove obstruction by aiding nature and are of great benefit in cases of temporary and habitual constipation, torpid liver, biliousness, headache, indigestion, rheumatism, and ailments arising from an impure state of the blood.

Brandreth's Pills are purely vegetable, absolutely harmless, and safe to take at any time.

Great Professor's Work at
Dartmouth.His Chair One That Famed
Men Have Made Famous.Work For the Public Good
Accomplished.Life May Better Be Worth the
Living Now.The Old Medical School at
Hanover in the Hills.

Boston, Nov. 15.—The most important professorship in the country, in many respects, is at Dartmouth college.

It is the chair that has been occupied by Professor Robby and afterwards by the great professor, Edward E. Phelps, M. D., the discoverer of probably the most famous prescription in the world.

Dr. Phelps ranks not only as the leading scientist, but his name is at the very head of the list of eminent practitioners that the country has ever produced.

Even as a young man his ability was conspicuous. He had mastered the teachings of the latest German science. He had made an exhaustive study of the German hospitals. He was recognized as an authority on materia medica.

DARTMOUTH MEDICAL COLLEGE.

ica long before the faculty at Hanover called him to instruct the young students, whose successful practice has kept the standard of the Dartmouth medical school always higher than its rivals.

It was Dr. Phelps who so clearly foresaw the dangers of the American way of living. With the best methods and the most advanced knowledge of the times at his command, he went to work to find a scientific, common sense remedy to cure the too common evils that, under one name and another, result from an unhealthy state of the nervous system, and within a score of years have seemed to be sweeping over the country like an epidemic.

He succeeded.

He gave to the medical profession that celebrated prescription which has since come to be known the world over as Paine's celery compound.

It is Dr. Phelps' prescription which ever since has been freely used and prescribed by the most eminent of the profession. The formula was furnished to all reputable physicians. They found the wonderful remedy to be exactly what was claimed for it, a great nerve and brain strengthener and restorer.

It was demonstrated beyond doubt that Paine's celery compound would cure nervous debility and exhaustion, neuralgia, sleeplessness, dyspepsia and all blood diseases. It was as harmless as it was good.

It was the universal advice of the medical profession that the compound be placed where the general public could secure it, and thousands of people have every year proven the wisdom of this good advice.

The oft-quoted sentence of a well-known Boston physician and writer is worthy of repetition: "Paine's celery compound is not a patent medicine; it is not a sarsaparilla; it is not a mercurial; it is not an ordinary nerve-tonic; it is far beyond them all as the di-

mond is superior to the cheap glass." Patients who are weak and weary, when sleepless, dyspeptic or despondent, have been advised so often to use Paine's celery compound to ward off disease and despondency, and it has been used in so many thousands of cases with the result desired that it has come to be known everywhere by the public, as well as the medical profession and the druggists, as a specific in such cases.

There is an extraordinary demand for it upon the druggists. A reporter who recently interviewed the leading wholesale houses in Boston learned that the call for Paine's celery compound was never so large as it has been this year. Said Mr. Fred L. Carter of the firm of Carter, Carter & Kilham:

"It is an actual fact that despite the steady increase that has been going on for a long while, and the particularly rapid increase this year, both in the size and frequency of our orders for the compound, and although we have recently been ordering more than usual, yet we found ourselves unable to fill our orders."

"And this was the experience of the other large houses, I hear. Of course a call like this represents a big demand upon the retail druggists, and is a very good indication of the merits of the remedy."

A physician who overheard the conversation remarked to the reporter: "A remedy of such undisputed excellence as Paine's celery compound must always be in greater and greater demand. It is really the one remedy that is prescribed and recommended by intelligent physicians as a cure for the woeful ills that result from a diseased nervous system and impure blood."

Said Mr. Wood of the firm of Weeks & Potter: "From everywhere, on almost every order from our numerous customers, east and west, there comes an order for Paine's celery compound. Our sales are very heavy and are constantly increasing. Paine's celery compound is one of those standard things that any house of high standing is glad to speak well of and to see a large demand for. We sell a great deal of it over our retail counters."

Mr. Bartlett, with Gilman Brothers, said in substance: "Every retail druggist sends to the wholesaler with whom

he trades what is called a 'want list.' On the want list that we see almost every time there's the item 'Paine's celery compound.' There is a fast but steady increase in the demand for it."

"It is having an immense sale with us," said Mr. E. P. Bryant of George C. Goodwin & Co. "Several times we have been almost unable to fill our orders."

Mr. Bryant went on to speak of the remedy itself. "It is one of the few articles," he said, "that we never hear a complaint about. Lots of my personal friends are using it, and they all speak of it in the highest terms. We know the valuation of it long ago, and our prophecy that some day it would stand in the front rank of popularity is coming true."

Said Mr. George L. Lawrence, treasurer of the Rust & Richardson Drug company: "Paine's celery compound has come to be a standard remedy for diseases, resulting from weakened nerves and impure blood. When I tell you that within a year its sales have increased three or four times, and that the demand has been and is today a steadily increasing one, you will understand the favor in which it is held by those who have used it."

Paine's celery compound is having this great success because it is good. Because it never fails to give relief. Because of its use so many have been restored to health.

Because it has been demonstrated beyond doubt that it is exactly what is claimed for it, that it is a great nerve and brain strengthener and restorer, that it cures nervous debility and exhaustion, neuralgia, sleeplessness, dyspepsia, and all blood diseases. Because it makes people well.

To Dartmouth's great professor thousands of grateful people of all classes and creeds owe more than they can acknowledge, and hold him in as high esteem as did ever a class of students who sat below him.

"Royal Ruby" Port Wine.

If you are reduced in vitality or strength by illness or any other cause, we recommend the use of this old Port wine, the very blood of the grape. A grand tonic for nursing mothers and those reduced by wasting diseases. It creates strength; improves the appetite. Nature's own remedy, much preferable to drugs, guaranteed absolutely pure and of age. Young wine ordinarily sold is not fit to use. Insist on having this standard brand; it costs no more. \$1 in quart bottles; pints, 60 cents. Royal Wine Co., Chicago. For sale by White & White and Thum Bros. & Schmidt, leading druggists.

PNEUMATISM ECZEMA AND PILES. If you suffer it's your own fault; I have to say. Call, telephone or write Dr. W. H. Ross, office Widdicombe building, Grand Rapids, Mich.

I was troubled with a severe cold and cough and on the recommendation of Messrs. Wegman & Wire, druggists of this place, I purchased a bottle of Chamberlain's Cough Remedy and in two days was completely cured. I most sincerely recommend this valuable Remedy to any of my friends who are suffering with a cold. C. L. Hooker, assistant cashier, Clinton county National bank, Wilmington, Ohio. 50 cent bottle sold by F. J. Wursburg, druggist, 58 Monroe street.

Fat People. The proprietors of the Marienbad Reduction Pills and Salts wish to announce that White & White, the well-known druggists, are now western Michigan agents for the above goods. Any one interested in the question of reducing their flesh call on White & White for circulars, etc., that will convince them that Marienbad pills and salts are the best preparations of their kind in the market; perfectly harmless.
